THE GOAL

TO BUILD THE WEIRDEST, WILDEST MEAL!

Sounds simple, right? Not so fast!

HOW TO START

Choose a Taco or Burrito card holder & deal five cards to each player.
Put the remaining cards in the middle of the table.

ON YOUR TURN

Draw one card and:
Add an ingredient card to a Taco / Burrito - or -
Add Tummy Aches to reduce the value of a meal - or -
Add a Hot Sauce Boss to double the value of a meal!

OR

PLAY AN ACTION CARD

Use the Trash Panda, Crafty Crow, and Food Fight to gain the cards you need to win.

BUT BEWARE

The Health Inspector and Order Envy can ruin your meal!

HEALTH INSPECTOR
When drawn, all the contents of your meal go into the trash!

ORDER ENVY
When played, you can swap your meal and your hand with any other player.

NO BUENO
Use a No Bueno to block Action Cards (except Health Inspector.) And yes, you can block the block with another No Bueno!

HOW TO WIN

Game play continues clockwise with players drawing and playing cards until the draw pile is gone. Once any one player is out of cards the game is instantly over and the player with the most points wins!
